Subject: RE: Dioxin/Furan core maps

Hi Kristine –

Just to confirm, you are requesting core profile maps for the three dioxin/furan congeners with EPA RALs provided on 3/10/2015 (2,3,7,8-TCDD, 1,2,3,7,8-PeCDD, and 2,3,4,7,8-PeCDF) for the individual SDUs where dioxin/furans (TEQdf) were listed as a Primary COC in the 3/27/2014 table provided by EPA (RM5.5E and RM7W)?

Thanks!

Amanda

Subject: RE: Dioxin/Furan core maps

Amanda.

For consistency with the other focused COCs in which core profile maps were made as well as for data completeness, we request LWG present all cores with D/F congener data in preparing the D/F core profile maps for all of the individual SDUs.

Thanks.
Kristine.

Subject: Dioxin/Furan core maps

Kristine –

One of the action items from the 2/12 meeting with EPA was for Anchor QEA to provide maps showing the cores with dioxin/furan data in the SDUs where dioxin/furans are listed as a Primary COC in the 3/27/2014 table provided by EPA. Maps are attached, and a count of cores in each SDU is listed below:

- RM5.5E – 7 cores
- RM7W – 49 cores
